

I am pleased to announce that the new Signature Fulfillment website is up and running? What, you ask, is the Signature Fulfillment website? It is the companion site to Signature On Demand, where you can order Olshan apparel, sales literature and other materials. The difference between Signature On Demand and Signature Fulfillment is that the On-Demand site has material such as business cards, stationery, etc that can be customized for the individual or location. The materials on the Signature Fulfillment site are standard and cannot be customized. It is my hope that one day in the future we will be able to merge the two sites, but for now they will remain separate.

How can you use the new Signature Fulfillment site? It's easy. Go to <http://promail.thinksignature.com/v5fmsnet/oe.asp?pos=cbloms&v=2>

Type in your Username and Password

(Note that your username and password are case sensitive and must be keyed in exactly as shown above.)

After you sign in, at the upper left side of your screen you will see your name with an Edit button next to it. Click the Edit button and fill in the required information. Please do this before you place any orders. You can also change your password here by clicking the button that says Change Password. Once you change your password, we will not have a record of it.

What can you order from the Signature Fulfillment site?

Shirts of all types, including crew t-shirts, caps, some sales literature and Workrite pads are currently available. More items will be added in the near future. We will notify you as items are added.

Some shirt colors and sizes are currently out of stock. I am getting additional stock ordered this week and it should be available within 2 weeks or less. Please be patient. **If you have placed an order for shirts that has not been shipped, please go to the Signature Fulfillment site and place the order again. If we are out of stock for the color you want, please order a substitute. If we are out of stock for the size you want, we will be re-ordering the missing sizes in limited colors. I will send an email when new stock has been received and is posted on the site.**

The site is available for placing orders now, so feel free to look around and place an order if you need materials. Please let me know if you have any questions.
